

Description and Rationale

Title

African Newspapers (1986-2015) from Library of Congress, Nairobi office

Project Description*

Library of Congress, Nairobi Office proposes for microfilming a collection of 96 African newspaper titles from 1986-2015 with an estimated 58,003 pages. Countries covered include Burundi, Comoros, Congo (Democratic Republic), Ethiopia, Kenya, Madagascar, Mauritius, Mozambique, and Rwanda. The collection covers varied topics including business, politics, leisure and economics news that would greatly inform the intellectual debates of the period covered. A title like Ngah?! from Madagascar features political cartoons whose use in political communication has continued to increase. Specific titles under this proposal are:

Reasons for Consideration*

This proposal forms a fraction of Library of Congress, Nairobi Office Newspaper holdings that have stockpiled for over two decades. Most of the titles are not widely held in United States and may not even be available from country of origin. The selected collection covers diverse topics that would contribute to the understanding of the country's politics, social, and economics conditions of the period covered.

Almost all of the 96 titles spanning a number of countries are deteriorated (yellowed, brittle and worn out) and in dire need of preservation. In addition, some of the titles will fill the gaps in existing microfilmed holdings and lengthen the runs of specific titles.
