

## Description and Rationale

---

### Title

African Newspapers (1992-2018) from Library of Congress, Nairobi Office. Part 2.

### Project Description\*

Library of Congress, Nairobi Office proposes for microfilming a collection of 100 African newspaper titles from 1992-2018 with an estimated 48,000 pages. Countries covered include Angola, Botswana, Malawi, Ghana, Lesotho, Mauritius, Senegal, Somalia, Zambia and Zimbabwe. The collection covers varied topics including business, politics, leisure and economics news that would greatly inform the intellectual debates of the period covered. Specific titles under this proposal are:

## Reasons for Consideration\*

This proposal forms a second part of some of the oldest African newspapers still held by Library of Congress, Nairobi Office. In total there are 100 titles spanning a number of countries with some going back to over two decades. Most of the titles are not widely held in United States and may not even be available from country of origin. The selected collection covers diverse topics that would contribute to the understanding of the country's politics, social, and economics conditions of the period covered. Of particular interest are several titles from Somalia, still a very difficult country for acquisition.

Almost all of the titles are deteriorated (yellowed, brittle and worn out) and in dire need of preservation. In addition, some of the titles will fill the gaps in existing microfilmed holdings and lengthen the runs of specific titles.
